PROFILE SUMMARY

**"Accountant/Payroll Expert: Navigating Finance, Service, Sales, and
Documentation | Driving Growth in a Global Financial Landscape"**

- PM Industries stands as a versatile player in the domain of water-based colors, offering a wide array of products. I commenced my journey with the company at an initial salary of Rs ₹126000, witnessing its growth and evolution. Over the course of four years, my expertise in the account department and adeptness in solving banking challenges became instrumental in ensuring seamless operations. Furthermore, my dedication to customer satisfaction led me to excel in spotting and addressing their needs. This experience has not only enriched my professional journey but also contributed significantly to the company's success and reputation.
- I am currently making a meaningful contribution to Drillen Energy Equipments and Services, drawing upon my extensive experience. As a company, "Drillen Energy Equipments And Services" holds a distinguished position as a manufacturer of an array of products, including Storage Tanks, Hammer Unions, Pipe Spools, and more. Established in 2019 as a Partnership firm, our mission is to deliver top-quality products in various specifications, adhering to strict timelines. Headquartered in Vadodara, Gujarat, India, our manufacturing practices align with industry standards. Furthermore, we take pride in offering exceptional products and services, reflective of our commitment to excellence.
- At Drillen Energy Equipments and Services, I am a key member of the accounting department management team. I joined the company in March 2020 with an initial salary of Rs. ₹2,22,000. Since then, I have consistently contributed to the financial operations and growth of the company. Currently, my dedication and efforts have been recognized, leading to a current salary of Rs. ₹3,42,000.

WORK EXPERIENCE

➤ **At PM Industries, my role involves managing accounts, handling banking matters, and building positive customer relationships.**

At PM Industries, I hold a crucial role where I manage accounts to ensure accuracy and reliability. This includes meticulous recording of financial activities, ledger maintenance, and creating financial statements.

Furthermore, I navigate the intricate realm of banking, overseeing transactions, reconciliations, and interactions with financial institutions. My proficiency in this area streamlines our financial processes for efficiency.

Beyond numbers, I'm dedicated to fostering strong customer relationships. By addressing unique needs promptly and providing exceptional service, I enhance our reputation as a customer-focused entity. Essentially, my role at PM Industries combines precise financial management with the art of building customer bonds, contributing to the company's growth, stability, and positive industry image. My journey includes a starting salary of Rs. ₹1,26,000, which has grown to a recent salary of Rs. ₹1,74,000.

➤ **Navigating Financial Excellence: My Role in Drillen Energy Equipments And Services Account Department**

As a vital part of Drillen Energy Equipments and Services, I hold a significant role in the accounting and payroll department management team. My journey with the company began in March 2020, starting with a salary of Rs. ₹2,22,000. Throughout my tenure, I have maintained a consistent dedication to enhancing the company's financial operations and fostering its growth trajectory.

My commitment and hard work have not gone unnoticed. As a result, I have been rewarded with a current salary of Rs. ₹3,42,000. I take pride in being an integral force behind Drillen Energy's financial stability and advancement, ensuring that our operations remain efficient and effective.
