

Vijay Wadibhasme

Full Stack Developer [.Net | Angular 2+]

✉ vijuwadu@outlook.com ☎ +91 8087259878 📍 Pune

Summary

- Self-motivated **.NET Full-Stack Developer** with **1.8+ years** of experience in **building** and **maintaining enterprise-grade applications**. A quick learner with a passion for technology and a thirst for knowledge. Proven ability to work independently and as part of a team to **deliver high-quality products** on time and within budget. 2022 – present

Keywords

Angular, Angular Material, Angular UI Router, .NET Core, C#, TypeScript, HTML, CSS, JavaScript, SQL Server, MySQL, PostgreSQL, Visual Studio, VS Code, Git, TFS, Swagger, AWS, Azure, Teamwork, communication, problem-solving, HealthCare, Entity Framework Core, SignalR, Docker, Unit Testing

Skills

IDE:

Visual Studio 2022, VS Code, Monaco Editor

Languages

C, C++, C#, JAVA

Database:

Oracle 12, PostgreSQL, MySQL

Source Code Management:

TFS, Git

Tools:

WordPress, Google Chrome[with Dev tools], VMWare, IIS 6, Swagger

Framework

.Net core, Entity Framework, Angular 2+

Web Technology:

HTML, CSS, Bootstrap, JavaScript, Azure, AWS

Familiar with:

PYTHON, Angular Material

Professional Experience

Software Engineer, *Deutsche Telekom Clinical Solutions India Private Limited*

2022 – present

Team: “Framework”, DTCS [Product – IMedOne ☑]

pune, India

- **IMedOne** deals with the management of end-to-end Hospital Information Management System (**HIMS**) **software** and helps deliver superior healthcare features delivery for doctors, clinics, and hospitals based in **Germany and Africa**.
- The software has helped in saving time as prescriptions, bills, dosages of medicines, patient data, documents, etc. are maintained digitally. This helps Doctors to concentrate on their core activities.

Role: Requirement analysis, design and implementation of new features, added new components. Fixed multiple bugs [**125+**] [**Bug Hunter**].

Work history

- An upskilling Software Engineer at Deutsche Telekom Clinical Solutions India Private Limited working on **Angular 13** and **.Net Core [both client and server side]**.
- Implemented many features and created multiple **Reusable Angular components [Time and Date, Navbar, Reactive Forms, Validations, Routing(with Lazy Loading), Services, etc.]** in the IMedOne application.
- Proficient in using Angular terminologies like **Angular CLI, Angular Material, NPM Packages, RXJS Libraries, directives, controllers, and services** along with **Typescript** concepts.
- Wrote multiple **RESTful APIs [Both Client and Server side]** and possess knowledge of **JSON** and **Microservices**.
- Worked on both **Oracle** and **EDB [Postgress] databases**.
- Fixed multiple bugs using **IIS** for both the **Angular client side** and the **.Net server side** of the application.
- Wrote **Unit Test cases** for both client-side as well as server-side.
- **Created and maintained .Net core application layouts** in frontend and backend.
- Worked with **Entity Framework Core** to interact with **relational databases**.
- **Troubleshooted** and resolved **complex .NET Core issues** by debugging code and analyzing logs.
- Have experience of the way of working in a product-based company that follows the **Agile Model**, delivering efficient and prompt services on time.
- **Excellent in communication** with international clients [German and African]

Certificates

C# Programming Competition

DPU Explorer Pune, 2020

Workshop Training On Robotics

BEcon 2k18-19/IIT Delhi/

Www.Makeintern.Com 2018

6+ more technical certificates

Projects

To Do List:

In **Angular 14**, a To Do list to add and remove Todos **dynamically** with multiple components using **2-way data bindings** storing data in **local storage** and **Angular-Routing** for a better experience and **Lazy Loading** for faster performance.

Snake and Ladder Game:

In **C# Language** with the implementation of **Data Structure** and **Algorithms**

Live E-Commerce Shopping Website

Implemented Using **WordPress, MYSQL**

Dynamic Expense Tracking Website:

Implemented with **HTML5, CSS, Bootstrap, and JavaScript**

Calculator Basic Game:

With **HTML** and **JavaScript**, where user input a number to guess if he matches the number with the computer's random number

Education

Master in Computer Application (MCA), MIT WPU Pune

2021 – present

- Trimester 1 – 9.9 CGPA.
- Trimester 2 – 9.9 CGPA.

Bachelor in Computer Application (BCA), Pune University

2018 – 2021

- 88.82%.
