

PERSONAL PROFILE

During my journey to become a Full Stack Developer, I completed an 8-month internship where I had the opportunity to apply my programming knowledge in a real-world setting. This experience not only sharpened my technical skills but also provided valuable insights into collaborative teamwork and the practical aspects of web development.

- 1227, North Street,
Sirupakkam Post, cuddalore
District

SKILLS

- HTML
- CSS
- JavaScript
- C#
- ASP.NET
- Entity Framework
- Springboot
- MVC
- Database Management
- Oracle
- SQL

WORK EXPERIENCE

- RADIUSCARD SOLUTIONS
PRIVATE LIMITED (Bangalore)
- (Feb 2023-Till Date)

EDUCATION BACKGROUND

HINDUSTHAN COLLEGE OF ENGINEERING AND TECHNOLOGY COIMBATORE

B. E Bachelor of engineering 80%

2019- 2023

Summary

- Proficient **Full Stack .NET Developer** with expertise in **MVC .NET** and **.NET Core** frameworks, offering a track record of successful contributions to software design, implementation, and testing.
- I specialize in creating intuitive user interfaces using front-end technologies like **HTML**, **CSS**, and **JavaScript**, underpinned by a strong foundation in database management, including **SQL Server** for designing and optimizing database structures to ensure data integrity and efficiency.
- My strong foundation in **C#** programming, coupled with my ability to work with various programming languages and databases, equips me to tackle complex challenges and deliver high-quality web solutions.
- I am well-versed in version control systems such as **Git** for smooth source code management.
- This experience enriched my understanding of practical software development, sharpened my problem-solving abilities, and instilled a deep appreciation for teamwork.
- My goal is to contribute my skills to create dynamic and user-centric web solutions while continually enhancing my knowledge to stay at the forefront of the industry.

PROJECT

Banking

Citibank

Feb 2023-Till Date

During my tenure at Citibank, N.A., I had the privilege to be part of a pivotal project aimed at expanding and optimizing the branch network of this renowned financial institution. Citibank, N.A., the primary U.S. banking subsidiary of Citigroup, operates on a global scale, and this project focused on enhancing its domestic and international presence

- Collaborated with a cross-functional team of developers, designers, and business analysts to deliver web-based solutions using **.NET** technologies, including **ASP.NET**, **MVC**, **C#**, **VB.NET**, and **C++**,
- Developed responsive and user-friendly web applications, ensuring optimal performance and adherence to industry best practices
- Designed and maintained relational databases using **SQL** and **Oracle**, optimizing database queries for improved efficiency and data integrity.
- Worked on both front-end and back-end development, implementing dynamic user interfaces with **HTML**, **CSS**, and **JavaScript**.
- Conducted code reviews and collaborated with senior developers to identify and resolve bugs and performance bottlenecks.
- Conducted unit testing and integration testing to ensure the reliability and robustness of web applications.
- Stayed updated with emerging technologies and industry trends to contribute innovative solutions to projects

Declaration

I hereby declare that the details furnished above are true to the best of my knowledge and belief.
