## Full-Stack Web Developer (with Shopify Specialization)

I am a proficient Full-Stack Web Developer with a specialization in Shopify, offering nearly a year of experience in e-commerce development. My skills include Shopify theme customization, third-party application integration, and technical issue resolution. I excel in optimizing user experiences, bridging the gap between design and functionality, and providing front-end expertise in HTML, CSS, JavaScript, and jQuery. Additionally, I bring back-end proficiency with MySQL and SQL. I am committed to ongoing learning and staying updated with emerging technologies, particularly in the areas of blockchain, Machine Learning, and AI, making me a versatile and dedicated software developer.
