### WORK EXPERIENCE

---

#### **Marmeto | Shopify Developer** (Sep 2022-sep2023)

**MTR Food Store:** I have successfully completed homepage, PDP page and also implemented custom Ajax cart and Custom pin code checker by using google sheet

**Verdura Care Store:** I have successfully completed whole website and also added lots of functionality in shopify e-commerce store

**TreeOnly app integration:** I have developed the dashboard features when payment authorization has been successfully done

#### **Us Polo-website:**

As a Shopify developer for the US Polo India website, my key role was to implement the upsell product feature in the cart drawer. I successfully integrated the upsell functionality, offering customers related or complementary products when they viewed their cart.

### **Brownie Studio –Cake Website:**

Developed and implemented home page sections, including an eye-catching banner, user-friendly collection list, and testimonial featured product. Utilized HTML, CSS, and JavaScript for front-end development and integrated a content management system for easy updates.

### **Nommy-Grocery Website:**

As the lead Shopify developer for the Nommy project, I was responsible for building and customizing the entire e-commerce website on the Shopify platform. My role involved working closely with the design team to implement the website's visual elements, layout, and user interface.

### **Cycle-Store:**

As the lead Shopify developer for the Cycle project, I was responsible for fixing bugs ,new features and customizing the entire e-commerce website on the Shopify platform. My role involved working closely with the design team to implement the website's visual elements, layout, and user interface.

### **Intune–fashion Store :**

As the lead Shopify developer for the Intune project, I was responsible for building custom solution and customizing the entire e-commerce website on the Shopify platform. My role involved working closely with the design team to implement the website's visual elements, layout, and user interface
