ABOUT ME

Highly skilled and motivated professional with 2 years of hands-on experience in website design, development, and digital marketing. Proficient in a wide range of technologies, including coding, WordPress, core PHP, Linux, MySQL, and CodeIgniter. Adept at creating engaging online experiences and implementing effective digital marketing strategies to drive online presence and business growth.

WORK EXPERIENCE

Affinity Express India Pvt.Ltd -December 2022 - Present

Junior Associate Website Developer

I have contributed to various GoDaddy projects involving WooCommerce, Standard, Starter, and Premium websites, often recovering crashed sites. I'm skilled in using website-building tools such as Beaver Builder, Elementor, and WPBakery. Additionally, I'm proficient in creating and editing images using tools like Photopea, Canva, and Photoshop. My expertise extends to optimizing websites for higher Google rankings through effective Search Engine Optimization (SEO). In instances of website malfunctions, I have successfully restored and fixed them to ensure seamless functionality.

PSK Technologies Pvt.Ltd -Oct 2021 - Dec 2022

Full Stack Developer

I have extensive experience in diverse aspects of web development and digital marketing. On the frontend and backend, I excel in designing and implementing effective solutions. My proficiency extends to platforms like WordPress, CodeIgniter, and Core PHP. I'm skilled in managing MySQL databases and handling CPanel administration. Additionally, I apply my expertise in digital marketing to enhance online presence and deliver results for clients.

Achievements

- Proficient in achieving top rankings for 10+ prominent websites.
- Received praise and recognition from clients for exceptional and distinctive design work.
- Received awards in recognition of design excellence.
