SUMMARY

Results-driven Frontend Developer with 2 years of experience at Gebbs Technologies Ltd. Proficient in React.js, JavaScript, and frontend technologies. Skilled in creating responsive and interactive user interfaces. Demonstrated ability to collaborate effectively with cross-functional teams to deliver high-quality web applications. Committed to code reusability, maintainability, and exceptional user experiences.

EXPERIENCE

[Sept 2021 - Present]

Frontend Developer (React.js)
Gebbs Technologies Ltd - Mumbai, Maharashtra

Key Achievements and Responsibilities:

- Successfully maintained and improved React systems, consistently resolving issues and enhancing system stability.
 - Designed and developed custom frontend components that aligned with project requirements and significantly improved user engagement.
 - Effectively configured server environments, ensuring seamless and efficient React deployments.
 - Meticulously managed and updated project dependencies, proactively resolving conflicts to maintain streamlined development workflows.
 - Collaborated closely with JavaScript developers and software engineers to design well-structured front-end while developing supporting APIs.
 - Created responsive and interactive user interfaces using React components, resulting in improved user satisfaction.

- Orchestrated project collaboration with designers, product managers, and back-end developers to ensure alignment with business objectives and user requirements.
- Engineered reusable React components and libraries, optimizing code reusability and maintainability for future projects.
- Proficiently managed application state using Redux and React's built-in state management features.
- Seamlessly integrated frontend with RESTful and GraphQL APIs, facilitating asynchronous data fetching and updates.
- Implemented user interfaces and user experiences in accordance with design guidelines, ensuring visually appealing and user-friendly applications.
- Detected and resolved software bugs and issues, maintaining code reliability and quality through comprehensive unit testing.
- Played a pivotal role in optimizing web application performance, reducing load times, and delivering smooth user interactions.
- Utilized Git for version control, meticulously tracking and managing codebase changes.

EDUCATION

• Bachelor of Technology in Computer Science Engineering
- JNTU, Hyderabad, Telangana (2022)

• Board of Intermediate
- Hyderabad, Telangana

• Secondary School of Certification
- Miryalguda, Telangana.

TECHNICAL SKILLS

- Frontend Technologies: React.js, HTML5, CSS3, JavaScript, jQuery, Bootstrap, DOM
- CSS Preprocessors: Sass, Less
- State Management: Redux
- Data Structures: Familiar with libraries like Immutable.js
- Version Control: Git

PROJECTS

Main Project:

Project: AmazonClone

Description:
 Objective: Designed and developed a feature-rich e-commerce web application using React.js, offering users an engaging and seamless shopping experience.

Features:

 Implemented a currency-format module to display product prices consistently and user-friendly.

- Utilized the useReducer hook for efficient state management, listening to actions like adding or removing items from the shopping cart.
- Employed the splice method to enable users to remove items from their shopping cart at specific indices.
- Integrated Stripe.js for secure payment processing, ensuring safe and convenient transactions
- Leveraged React-router-dom to create multiple page routes and links for effortless website navigation.
- Utilized the createContext feature for effective state sharing across components.
- Employed various JavaScript operations, including switch statements, spread operators, and findIndex, to manipulate data and provide a responsive user experience.
- Managed application state using useState and useNavigate hooks, facilitating smooth transitions between different states.

Technology Stack:

- HTML for structuring the web application.
 - CSS for designing a visually appealing and user-friendly interface.
 - React.js as the primary framework for building interactive and dynamic components.

GitHub Repository: https://github.com/jaideep3336/AmazonClone

MiniProjects:

- Resume

- Portfolio

- DiceGame

- DrumKit

- URL : https://github.com/jaideep3336/Miniprojects

SimonGame:

- Description : Developed a responsive website using Bootstrap, implementing key web

   elements and visual enhancements.

- Technology : HTML, CSS, Bootstrap

- URL : https://github.com/jaideep3336/Website_Bootsrap

Keeper App:

- Description : Created the Keeper app using React, enabling users to manage and store notes

   efficiently.
- Technology : HTML, CSS, React-JS

- URL : https://github.com/jaideep3336/KeeperApp

CountDownTimer:

- Description : Developed a countdown timer using React, displaying time remaining from the

   current time to a set end time.

- Technology : HTML, CSS, React-JS

- URL : https://github.com/jaideep3336/CountDownTimer/tree/main

NewsFeed:

- Description : Built a subscription-based news feed system using Express, Node.js, and

   Mailchimp integration.
- Technology : HTML, CSS, Node.js, Express, HTTPS, Body-Parser, MailChimp Server

- URL : https://github.com/jaideep3336/newsfeed

Todolist_Node:

- Description : Created a Todolist website using EJS, Node.js, and Express, allowing users to

   manage tasks.

- Technology : HTML, CSS, Node.js, Express, Body-Parser, EJS

- URL : https://github.com/jaideep3336/todolist_node

Blog Project:

- Description : Developed a personal blog website using Express, EJS, and Lodash for efficient

  data handling.

- Technology : HTML, CSS, Bootstrap, Node.js, Express, Body-Parser, EJS, Lodash

- URL : https://github.com/jaideep3336/BlogProject_node

Awards and Certifications

- The Complete 2023 Web Development BootCamp

- Certificate No: UC-576c7c4f-396e-43a1-a7a3-70c7ef7da77e

- Certificate URL: ude.my/UC-576c7c4f-396e-43a1-a7a3-70c7ef7da77e

- Reference Number: 0004

Hobbies

- Cricket, Basketball, Swimming

- Regularly play cricket and basketball, fostering teamwork and problem-solving skills.

- Enjoy swimming during summer days.

Languages

- Telugu (Native)

- Hindi (Fluent)

- English (Fluent)
